FT190II
INDUSTRIAL THERMAL PANEL PRINTER

CUSTOM

MAIN FEATURES
- 200dpi best thermal printing quality
- Paper width 58mm
- 50mm paper roll Ø
- Speed > of 30 mm/sec
- RS232 interface
- Barcodes: UPC-A, UPCE, EAN 13, EAN 8, CODE 39, INTERLEAVED 2- 5, CODABAR
- Fonts: European, International, Portuguese, Nordic
- MTBF > of 260.000 hours
- Sensors: paper end
- Dimensions (LxWxH): 119x119x45,5mm
- Weight: 362gr (without paper roll)

AVAILABLE VERSIONS
- FT190 II RS232 RTCK
- FT190 II RS232 RTCK + extended voltage input 9/40 V

EXCLUSIVE FEATURES
- Friendly installation and multipurpose fixing to different panel thicknesses
- When the front panel opens up, all the mechanical parts take a position which makes paper loading easier

FH190
INDUSTRIAL IMPACT PANEL PRINTER

AVAILABLE VERSIONS
- FH190 RS232 RTCK 5V 24/40 columns
- FH190 RS232 RTCK 9/40V 24/40 columns

MAIN FEATURES
- Impact dot matrix printing technology (8 pins)
- Paper width 58mm
- 50mm paper roll diameter
- Speed > of 30 mm/sec
- RS232 interface
- Barcodes: UPC-A, UPCE, EAN 13, EAN 8, CODE 39, INTERLEAVED 2- 5, CODABAR
- Fonts: European, International, Portuguese, Nordic
- MTBF > of 260.000 hours
- Sensors: paper end
- Dimensions (LxWxH): 119x119x45,5mm
- Weight: 362gr (without paper roll)

MOST COMMON APPLICATIONS
- measuring instruments
- weighing
- antitheft systems
- gas analysers
- panel tools
